

Core Muscle Mix *information*

Overview:

The Core Muscle Mix IV Kit is a powerful blend of amino acids and vitamins, designed to relieve muscle fatigue and provide energy for a faster recovery. This treatment is ideal for muscle building or anyone needing a boost in recovery after a tough workout or physical activity.

Kit Contents:

Ascorbic Acid / Vitamin C (500mg/mL) – 30mL

Olympia Vita-Complex – 30mL

Amino Blend – 30mL

Olympia Mineral Blend – 30mL

Possible Benefits of Ascorbic Acid (Vitamin C):

Repairs damaged muscle tissue and enhances recovery.

Boosts immunity to prevent post-exercise illness.

Supports overall muscle tissue repair.

Possible Benefits of Olympia's Vita-Complex:

Reduces muscle fatigue caused by dehydration.

Helps to alleviate inflammation and promote faster recovery.

Aids in reducing stress and improving overall energy levels.

Possible Benefits of Amino Blend:

Enhances athletic performance and energy levels.

Helps burn fat more quickly while maintaining muscle.

Improves metabolism and supports faster recovery.

Possible Benefits of Olympia Mineral Blend:

Restores essential electrolytes to balance hydration.

Regulates fluid balance across cells for optimal muscle function.

Helps the body remove toxins and recover more efficiently.
